To register for the Lead Ahead [CLICK HERE](#)

- Students will be joining a virtual classroom of their current grade year of no more than 12 students for the morning.
- Their instructor will provide a variety of distance learning formats which includes synchronous (real time) via Google Classroom and Meet.
- This interactive and engaging program will provide students with a balance approach to address gap closing initiatives in the classroom.
- The Leap Ahead (Gr. 1 - 5) summer program will explore learning opportunities that feature Literacy and Numeracy Skills enriched by lessons exploring the Arts, Science and Technology, as well as Physical Education and Healthy Living.
- This unique opportunity will offer extra enrichment for students in different areas of study, interests, and activities with the ultimate goal of providing a smooth transition upon the return to school.
